

THE JOURNAL.

EDITED AND PUBLISHED BY
JAMES HARPER.
At \$1 00 in advance; \$2 00 at the end of the year.

GALLIPOLIS.

THURSDAY, JANUARY 19, 1854.

Our town has presented rather a dull appearance the past week, owing principally to the miserable condition of the roads, as the recent rains and warm weather have had the effect to render them almost impassable. Not even a fight has occurred to mar the quiet of our town. We hear of an occasional law suit, owing altogether to men differing in their views, which is very natural, but not worth mentioning. If we could hear how our railroad is progressing even, it would shake off the dullness of the times, and give people something to talk about, but it appears to us the knowing ones have 'shut pan' on the subject, and we are compelled to do the same for want of the necessary information. However, the engineers have finished the Paint Creek survey, and started on another route. We may probably next week get some information concerning the different routes.

STEAMER PHILADELPHIA.—This magnificent steamer built to take the place of the old veteran, Brilliant, made her debut at our wharf on Tuesday morning, having ploughed her way through the fields of ice which fill the river from this point upward. In company with quite a number of our citizens, we examined the new craft from stem to stern, and must pronounce her one of the most superb and spacious of marine architecture yet turned out. Her cabin, together with decorations, fixtures, etc., are really gorgeous. It is enough to say that Capt. R. J. Grace rules the destiny of the aforesaid craft, assisted in the office by Messrs. McBride and Wynne. Long may she wave.

The river is rapidly rising at this point, and is literally filled with floating ice, which comes from the Allegheny and Monongahela. Our citizens are making capital out of this last fact, and are supplying themselves with this useful and indispensable luxury of the Summer season. We hope that the river may continue at its present tide for many months, that life and activity may again greet the eye.

Our friend SANDERS of the Western Messenger, dropped in on us a few days since, on his way home from the Queen City, where he had been to purchase a job-office. He looked as though he had encountered good living in the hog city.

DEATH OF JUDGE DUNN.—We notice by the Cincinnati papers of the 13th inst., that Judge DUNN, President of the Cincinnati and Indianapolis Railroad, died in Lawrenceburg on the 12th. Judge D. was one of the best railroad financiers in the West, and it was owing to his great exertions that the road which he represented was ever built.

The weather the past week has been remarkably changeable. In the course of twenty-four hours we had from extremely cold to very mild spring weather. Rain set in on Monday and continued until sometime in the night. At the present writing (Tuesday afternoon) the atmosphere is dull with the appearance of rain close at hand.

RAD ROADS.—We understand that the river-road from this point to Riggs' Landing, is in an almost impassable condition—not materially on account of being cut up by travel, but owing to neglect in working it.

We received by Monday's mail a very lengthy letter from DAVID NEWSON, our Oregon correspondent, which looks as though it had been dragged through the waters of the Pacific and soaked in bilge-water on the Atlantic. It is so defaced that a small portion of it only can be deciphered. As printers "ought to read anything," we shall give it another trial next week, and if we find anything worthy of publication, our readers shall have it.

THE PEOPLE'S FOUNTAIN.—This is the title of a paper to be published at the village of Pomeroy, by C. W. Hor & Co., the first number to make its appearance some time during the present month. We understand it is to be devoted to Democracy and Temperance. The Bottle Stopper subscribers will be furnished with the first number of the Fountain, in lieu of the number yet due of that paper.

MR. JOSEPH CAYHART, of Coals Mouth, Va., will accept our thanks for his exertions in our behalf. If all our friends would exert themselves as much, in three months the Journal could boast of the largest circulation of any country paper in the State. Will our friends devote a little of their spare time to the increase of the Journal?

OHIO UNIVERSITY, AT ATHENS.—We received a catalogue of the officers and students of this old and reliable institution, from Mr. J. W. McCormack, of this county. This University was chartered by the Legislature in the year 1804, and its graduates are found among the most distinguished men of our country. Gallipolis has but one representative in this University, where she ought to have twenty. The expenses of tuition are light, the sum of \$80 covering all the necessary expenses of a student, exclusive of clothing and books, for the year. The number of students at present in attendance is 102, as follows: Collegiate course—Seniors 8, Juniors 2, Sophomores 6, Freshmen 25; Preparatory course—Senior section 27, Junior section 34.

Our old friend, W. HARRY PEXLES, arrived here on Saturday last, by the overland route from Cincinnati, with a pair of 2 40 horses in a light buggy. He is travelling agent for Wm. M. Kohl & Co., of that city, who are lucky in securing the services of a young man so popular and deserving. By the way, HARRY is a "typo," and although in a manner born to his new profession, has not forgotten the old one.

Our young friend, Wm. H. NASH, arrived here on the Thos. Swan, Monday, looking fresh and vigorous, and bringing us a copy of the Cincinnati Times several days in advance of Uncle Sam's old, lumbering mud machine.

We are compelled to leave out two obituary notices, caused by the late hour in receiving our exchanges by Monday's mail, which threw us behind with our labors. The mail did not reach here until 10 o'clock. The notices shall appear next week.

Hon. John J. Crittenden, was elected U. S. Senator, on the 10th inst., by the Kentucky Legislature. He serves six years from the 4th of March next. Kentucky feels proud of her Crittenden, and knows where he will be the most useful. Would that Ohio had a Crittenden for the Senate of the United States.

Hon. Henry A. Muhlenberg died in Washington City on the evening of the 10th inst.

Bedina, the Pope's Nuncio, was burnt in effigy at Wheeling, Va., on Saturday week. This is the individual whose presence raised the ire of the Freemen of Cincinnati.

Hon. J. L. Taylor has our thanks for valuable Documents.

Hon. Lewis ANDERSON will accept of our thanks for a copy of the Governor's message in pamphlet form.

THE DEMOCRATIC STATE CONVENTION met at Columbus on the 7th inst., and after a very boisterous and disgraceful session, finally succeeded in nominating Shepard F. Norris, of Clermont county, as the candidate for Supreme Judge, and Alex. P. Miller, of Butler, for Member of the Board of Public Works.

The Convention endorsed the Baltimore Platform as the national platform of the Ohio Democracy.

WESTERN RESERVE BANK.—The brokers of Cincinnati started a rumor, for speculation of course, that this reliable Bank had broke. The following dispatch, from the cashier at Warren to a firm in Cincinnati, places things about right:

"The Western Reserve Bank is not broke, but is as firm as a rock. The report is as false, as base, as the tongue which uttered it."

Geo. Taylor, Cashier."

There was a slight shock of an earthquake felt at Hillsborough, on Monday week.

The third term of J. L. Eakin's High School commenced on Monday last, in Maxon's new building.

Messrs. CASTLE & COOK are at present manufacturing first rate Threshing Machines. See advertisement.

SICKNESS AT CAIRO.—We hear of a sad state of affairs at Cairo. In consequence of the suspension of navigation fourteen large steamers have been compelled to lay up, and have there set ashore some two thousand deck passengers, chiefly emigrants. These persons were suffering dreadfully from want, and sickness was rapidly diminishing their numbers—very many dying daily from cholera and yellow fever. They were staying in the adjoining woods, keeping up large fires, and at the last accounts there was no possibility of getting away.

GREAT FIRE IN NEW YORK.—A fire broke out on the 8th inst., in the immense block of buildings embracing the Metropolitan Hall and La Farge Hotel, and in about two hours all were in ruins. The total loss by the conflagration exceeds half a million dollars. The La Farge Hotel was insured for \$185,000; but the furniture which it had sold exceeded anything of the kind ever before manufactured, was only insured for \$20,000 which is not over one sixth its value.

Wild pigeons in innumerable flocks continue to tease our sportsmen with their presence.—*Low, Dem.*
They wouldn't tease the sportsmen long if they could get a glimpse at my face, friend Harney, as you are the ugliest man (except our neighbor) we ever saw. Suppose you take a position and scare some this way.

CANCER CURE DISCOVERED.—The Augsburg Zeitung announces that Dr. Landolf, physician to the King of Naples, and director of the principal hospital of that city, has discovered a cure for cancer even in its last stages; that he has effected an entire cure of a lady of rank, and several other persons in Munich, suffering from the disease, in presence of the most distinguished physicians of the city and has left Munich for North Germany to attend a Princess who is afflicted with the same dreadful malady. He will shortly, it is said, publish an account of his discovery.

Dr. RETNOLDS, of the firm of Reynolds & Frost, of this place, within the past year has effected many permanent cures of this dreadful and heretofore considered incurable disease. He even cured Harkness, after he had consulted with the London and Paris faculties, and pronounced incurable. Those afflicted with this dreadful malady can do no better than call on Dr. R., whose past experience shows that he also has discovered a cure for cancer.

The steamer Gen. Bem, freighted at Cincinnati for the Arkansas river, struck a snag near Grand Cut-Off, in the Mississippi, on the 5th inst., and sunk. Boat and cargo a total loss. Fifteen lives lost, all deck passengers.

To the PRESS GENERALLY.—The Emperor Nicholas wishes an erratum corrected in the next edition of our dictionary. He begs to say that he has discovered that an Ottoman is not a thing upon which you can easily and comfortably place your foot.

Lake navigation has closed for the season. The ice now extends as far as the eye can behold. The wind, blowing from the north for several days, drove that floating ice to the southern shore of the lake, and the intense cold has cemented the fragments into one solid mass. On Sunday evening the light at the light house shone for the last time this winter, the hardy mariner has forsaken his element, and darkness and dreariness now reign supreme on Lake Erie.—*Cleveland Dem., 10th.*

DEATH OF GEN. JOHN CLARK.—A Telegraphic dispatch has been received here announcing the death of Gen. John Clark, a well known citizen of Millersport in this county, at some point on the river below Smithland. He went down with a boat load of produce some weeks ago, and as we are informed sold out at Natchez, was on his way home, and probably died on board of a steamboat.—*Frontier Register.*

A GOLDEN FEAST.—The Queen of England gave a grand dinner on the 10th of June, which was served on the magnificent service of gold plate in the Waterloo Gallery. The platoon of the table comprised a number of the most beautiful candelabra, vases, epergnes, and ice-pails of the Royal collection, the St. George's candelabrum being placed in the centre of the table opposite Her Majesty's seat. The colossal wine cooler, made by order of King George IV, was placed on a detached table, at the west end of the gallery. His Royal Highness, the Duke of Genoa, and their Royal Highnesses, the Hereditary Grand Duke and Grand Duchess and the Duchess Caroline of Mecklenburg-Strelitz, were among the guests.

ARRANGEMENTS OF PENSION.—It is held at the Treasury Department that the grandchild of a deceased pensioner cannot, in any case, claim to receive of the pension agent the arrears of pension due the pensioner at the time of his death. If there be no widow or child surviving the pensioner, to whom the arrears would go under the law of June 19, 1840, payment can be made only to the executor or administrator of the deceased pensioner, in accordance with the law of March 2, 1829.

Among the deaths reported by the arrival of the last steamer from California, we notice the name of Wm. W. Willis of Ohio. He died at Stockton in November last.

ANOTHER BURIED TOWN.—Letters from Naples announce that another ancient town has been discovered several feet under ground, between Acerno and Scaffari. It is stated that it does not resemble Herculaneum or Pompeii in any respect.

An elderly lady writes to a friend: "A widower with ten children has proposed and I have accepted. This is about the number I should have been entitled to if I had been married at the proper time, instead of being cheated into a nonentity." Sensible to the end.

NOTICE.
JOSEPH N. BAY, Davidson Bay, Thomas J. Bay, Hilas Bay, Angeline Haskell, wife of L. O. Haskell, the unknown heirs of Abigail Lewis, deceased, and the unknown heirs of Lavina Lewis, deceased, will take notice that a petition was filed against them on the 31st day of March, A. D. 1853, in the Court of Common Pleas, within and for the county of Gallia, and State of Ohio, by James W. Bay, and is now pending, wherein the said James W. Bay demands partition of the following real estate, situate in said county of Gallia, and State of Ohio, to-wit: 100 acre lots Nos. 574, and sections Nos. 7 and 13-775 in Sec. 15, and Nos. 678, 677 and 675, in sections Nos. 7 and 13, all in Township No. 3, and Range No. 15, in the Ohio Company's purchase in said county of Gallia; and at the next term of said Court application will be made by the said James W. Bay for an order that partition may be made of said premises.

A. CUSHING, Atty for James W. Bay, Jan. 19, 1854.—5w

BALDNESS CURED!
Emerson's American Hair Restorative, for Restoring the Hair on Heads Horribly Bald, and to prevent the Hair from falling, in winning golden opinions of persons who are using it. This is a new article, recently introduced, is a sure cure for Baldness, and will stand the test of a discerning Public, as thousands who have used it testify. See Circular to be had of the Agents, giving full particulars. Price \$1.00 in large Bottles. Sold by BAILEY & FISHER & Co., Proprietors, No. 57 Superior Street, Cleveland, Ohio. Jan. 19, 1854.—3m

A CARD.—Since the Proprietors' recent Laboratory enlargements have allowed him to supply his numerous orders for Lyon's Katharine, he has introduced some new Chemical affinities which adds still to the high character of this immensely popular article for curing, beautifying, preserving and restoring the Hair.

Let those now use, Who never used before, And those who always used, Now use the more. The price is still 25 cents, in large bottles, and may be had at any Store in the United States. Sold by all dealers, everywhere, at 25 cents, in large bottles. D. S. BAXTER, proprietor, 161 Broadway, N. Y. Wholesale by Wm. M. Kohl & Co., General Agents, N. E. corner 4th and Vine, Cincinnati.

We have frequently heard the celebrated German Bitters, sold by Dr. C. M. Jackson, 139 Arch street Philadelphia, spoken of in terms of the highest commendation, and we honestly believe it is one of the best medicines advertised for the complaints for which it is recommended. They are pleasant to the taste, and can be taken under any circumstances by the most delicate stomach. The press far and wide, have united in commending this invaluable remedy for dyspepsia, debility, and such are the healing effects of this panacea, that we hope it may be introduced into every family where dyspepsia has, or is likely to have a victim.

THE third term of the GALLIA HIGH SCHOOL, opened on Monday, Jan. 9th, 1854. Ample arrangements have been made for the accommodation of pupils of all ages. Rooms in the Maxon building.

Jan. 19, '54. J. L. EAKIN, Prin.

William W. Taylor's Estate. NOTICE is hereby given that letters Testamentary have been granted to the subscribers, Executor and Executor of the estate of William W. Taylor, late of Raccoon township, Gallia county, Ohio, deceased. Dated at Raccoon, this 19th day of January, A. D. 1854. MARY W. TAYLOR, JOHN A. REES, Executrix & Executor of William W. Taylor, deceased.*

Prospectus. OHIO CULTIVATOR. Volume 10, for 1854.

THE Tenth Volume of the popular Journal will commence on the 1st of January, 1854. We make our annual appeal to the Farmers and Mechanics, and the Domestic Circle, to lend us a generous assistance in supplying the Industrial Classes with a cheap and reliable paper, devoted to Agriculture, Domestic and Rural Affairs, containing at all times valuable hints for the Farm, the Shop, and the Fireside, and seeking the elevation of Labor in all its legitimate interests, opposing quackery and humbug in all their forms, and filling the noble station of a true home paper of the west.

The Editors have long been familiar with the peculiar condition of Western Agriculture, and by extensive travel and observation keep themselves informed of the wants and progress of the country at large.

THE OHIO CULTIVATOR is published on the 1st and 15th of every month—16 large octavo pages, with title page and index at the end of the year, making a volume of 380 pages suitable for binding.

TERMS.—Single subscription \$1 a year. Four copies for \$3. Nine copies for \$6; and same price (66¢ cents each) for any larger number. All subscriptions to be paid in advance, and to commence with the year. Persons sending Clubs, may have them directed to different offices if they choose; and those having sent a smaller number, may afterwards increase to nine, or more, at the Club rates. To any person sending us a Club of Nine subscribers and \$6, we will send, post paid, a complete Volume for any previous year, in paper cover.

Address, BATEHAM & HARRIS, Columbus, Ohio.

Regular Marietta, Parkersburg, Hockingport, Pomeroy, Gallipolis, Guyandotte, Calletsburg, Ironton and Cincinnati Packet.

The fine steamer OHIO, Capt. A. DONALDY, will pass Gallipolis for Cincinnati every Tuesday morning, at 6 o'clock; returning, will pass Gallipolis for Marietta every Friday evening at 8 o'clock, stopping at the above and all intermediate landings. The Ohio will remain in the trade as a regular Packet, and a continuation of the patronage so liberally bestowed upon her heretofore is respectfully solicited.

Dec. 15, 1853.—1f

PROCLAMATION TO THE CITIZENS OF GALLIPOLIS. **PULVERMACH'S Hydro-Electric Voltaic CHAINS.** CONSTRUCTED to be worn next to the skin, producing a constant current of UNINTERMITTING ELECTRIC MAGNETISM—effecting IMMEDIATE RELIEF FROM ALL ACUTE PAINS and a Permanent Cure of all Neuralgic Diseases. PULVERMACH'S ELECTRIC CHAINS were first used in France, three years since, for the cure of Nervous Diseases, and after being submitted to the most thorough trial, in every Hospital in Paris, by the most learned Professors in that city, they were recommended to the Government of France, who granted a Patent for the discovery. During the year 1851-52, they were introduced in Germany, Austria, Prussia and England, and on year since, introduced and Patented by the United States Government.

Most Astonishing Cures of Rheumatism, Painful & Swelled Joints, Neuralgia of the face, Deafness, Blindness, Hysterics, Dyspepsia, St. Vitus Dance, Palpitation of the heart, Periodical Headache, Pains from Indigestion, Uterine Pains.

Every Disease, Called Nervous, is quickly and rapidly cured, by simply wearing the Chains for a few hours each day.

The Chains were first introduced in the City of New York, where they were exhibited to Prof. Valentine Mott, Van Buren, Post, and Carnochan, who readily discovered that they possessed strange and singular Power of instantly Relieving Pains, whenever applied, and by their recommendation, and influence, they were introduced into the different Hospitals of New York, and are now in daily use in those institutions, in the treatment and cure of the above named diseases.

No other Medical Agent in the world, can produce so many well authenticated Certificates of cure, from Scientific Physicians and Intelligent Patients as may be found in each Pamphlet, which may be obtained (gratis) at the Drug Store of Theo. A. Peck, who is the sole Agent for Burlington, and who will explain the manner of use, to any one who may apply.

In the City of New York, at the General Office, 568 Broadway, there are daily being sold, from forty to sixty Chains, and the sale and demand in Boston are as great in proportion to the population, although they have been introduced three months.

The CHAINS are easily worn, and are equally applicable to all classes of persons, the
